

Course Information Sheet

Gardening - Make the Most of your Garden

Introduction

This course will enable learners to gain a wider knowledge and understanding of various gardening techniques including pruning, plant selection and planting, growing organically and soil improvement as well as principles of garden design. Learners will be able to apply knowledge gained in their own gardens

What are the course entry requirements?

This course is designed for learners with different experiences of gardening from those with only a little experience to those who have considerable gardening experience.

How long is the course?

Please refer to current brochure

What will the course involve?

Learn how to utilise a variety of techniques in the planning, planting & preparation of plants. Explore different ideas within a number of different topics. Analyse & comment on their own & others' work.

Demonstrate how they have used any knowledge

How will I be learning?

There will also be group discussion, question and answer and peer assessment as an ongoing part of the course. Demonstrations and practical activities.

What equipment will I need?

Notebook and pen

Tutor will discuss with learners anything else that might be needed at the first session

How will I know if I am making progress?

Your tutor will monitor your progress by carrying out an assessment at the start of the course and giving individual help and advice during each session.

What course work will I be expected to complete?

--

What can I expect to learn from this course?

Be able to utilise knowledge gained on the course in their own gardens

Will I need to cover anything in addition to the course fee?
