

Course Information Sheet

Yoga

Introduction

Yoga typically means 'union' between the body, mind and spirit. It involves the practice of physical postures and poses, sometimes referred to as 'asana'. The aim is to create balance between the body and the mind through the use of different movements, breathing exercises and relaxation techniques. Yoga is associated with a healthy and lively lifestyle with a balanced approach to life.

What are the course entry requirements?

To get the best from this course you should be able to follow verbal and written instructions in English/including numerical information.

This workshop is suitable for all learners both beginners and beginners plus. You may wish to develop your knowledge and skills or may have attended a short course or worked at home without any guidance and wish to learn more about the techniques and develop your skills. During the workshop you will be taught how to improve your skills, performing the asanas with appropriate breathing techniques to enhance your own performance.

As with any exercise course you will be asked to complete a thorough health screening questionnaire. It is therefore advisable that you check with your GP should you have any serious medical problems which may impact upon your ability to take part in the practical side of this course.
